Terrorist Attack

Dear Sir,

By this time you may be well informed that there was a terrorist attack on both our five star hotels, i.e. Taj Mahal hotel and Trident (former Oberoi Sheraton).

Our police commandos and military commandos are trying to flush out these terrorist for the last 40 hrs. At any time they will declare success of the operation but both these hotels may not be ready for visiting guests to occupy at least for some time. Moreover some of the hotel rooms may need expensive repairs and therefore occupancy will be restricted to that extent. We thought to keep you informed of this situation so that if you plan to visit Mumbai in near future, kindly book your hotel accommodation well in advance. If you feel, you require any help from us in this matter kindly approach us without any hesitation. It would be our pleasure to extend our service to make your stay in India comfortable.

With kindest regards,

Harshad Parekh
